

Ordering Information | Air Control Valves

Example Part Numbers

1146-9-2052 - 8" wafer valve direct coupled with pneumatic diaphragm actuator, 4-20mA input and output, aux switches 120/24 VDC, air set and gauges, fail open, NEMA 4X, intrinsically safe explosion proof NI.

1156-12-EP2-NC - 12" wafer valve direct coupled with a pneumatic rack and pinion actuator, fail closed, including smart digital HART positioner 4-20mA input/output.
