Filter Designation	Replacement Cartridge Kit Part Number
<b>8645A-01</b>	R260-9188
<b>8645B-0</b>	R260-9330
<b>8645B-1</b>	R260-9330
<b>8645B-3</b>	R260-9330

## TROUBLESHOOTING

### Problem

Excessive pressure drop across filter (> 10 psi).  
Downstream components exhibiting problems associated with low pressure or reduced flow.  
Leaks in filter.

### Solution

Replace filter cartridge kit see "Maintenance" on page 3.

**WARNING:** Situations dangerous to personnel and property may exist with the operation and maintenance of any combustion equipment. The presence of fuels, oxidants, hot and cold combustion products, hot surfaces, electrical power in control and ignition circuits, etc., are inherent with any combustion application. Components in combustion systems may exceed 160°F (71°C) surface temperatures and present hot surface contact hazard. Fives North American Combustion, Inc. suggests the use of combustion systems that are in compliance with all Safety Codes, Standards, Regulations and Directives; and care in operation.
