

Item		8695- -SST
Material		
Nominal pipe size	"Z"	
Orifice bore dia.	"d"	
Outside dia.	"C"	
Bore thickness	"H"	
Plate thickness	"E"	
Tang width	"F"	
Tang height	"G"	
Pipe I.D.	"D"	

Tap Type must be specified. Note that flange taps and D,D/2 Pipe taps must be selected with consideration for the physical restraints of certain pipe sizes and flange thicknesses. For example a D/2 pipe tap would not fit in a 1" pipe due to flange thickness. Corner tap flanges (not shown) are available upon special request for 1/2", 3/4" and 1" sizes.
